We remind you that students have to respect the field of study, campus and the department (UFR) indicated in the learning agreement. All course enrolments are subject to availability numbers.

#### **For students enrolled in the Grands Moulins campus only:**

Students have to choose at least 2 courses per semester in their department (UFR) of enrolment. They may also pick courses from all the other Grands Moulins departments. They cannot take courses from the departments in the Odéon Campus (DEG, SHS, IUT, STAPS, IP).

#### **For students in the Odéon campus, they may only choose courses from their department of nomination.**

- Institut de Psychologie (*Odéon campus*): BA in Psychological Sciences
- IHSS/Psychoanalysis Studies (*Grands Moulins campus*): BA in Psychology and Humanities

- Accommodation

Université Paris Cité only has a few rooms in several student residences in Paris (called CROUS). The demand exceeds the number of rooms available. As a consequence, **we cannot guarantee housing for all students.**

Rooms in CROUS residences are equipped with a kitchenette, bathroom facilities and internet access. All students staying at a CROUS residence will be eligible for financial housing aid provided by the French State.

While applying after their nomination, students will have the option to ask for accommodation provided by UPCité.

A commission will review the applications and decide about housing placements (by the end of June for the 1<sup>st</sup> semester/by December for the 2<sup>nd</sup> semester). A housing form will be sent to the selected students and will have to be submitted by the deadline to confirm housing. **Students placed in a CROUS residence must agree to pay until the last month of their contract, even if they decide to depart from the residence at an earlier date. Please note that accommodations are managed by the CROUS institution, and not by Université Paris Cité.**
